

Policy on RE Team Placement

9/2/2004 (updated Spring 2006)

For Childcare and PreSchool:

Nursery, Toddler Room, and Pre School are flexible. Physical and social development takes precedence over age of child. However, for placement in Pre School Room, child must be toilet trained.

For Grades K through 12:

The September 1st Fulton County School System “cut off date” is to be used in placing children and youth in RE Teams. However as Religious Exploration (RE) is not an academic program, effort will be made to place children with their peer group, whether or not they have advanced a grade or been retained. Parent’s requests will always be considered and should be taken to the Director of Ministry with Children & Youth.
